Hi...re my last email and conversation with you--it would be difficult to send these cases to the regional administrators after such a long delay but our senior manager (Christiane Routt) has the cases to discuss with OSP. I think her focus is that if the cases do go to the RA's, OSP should do it, not OPARM. But I'll keep you posted on the feedback I get from her.

Hi Abbie,

What is the status on sending out both greenpeace FOIAs to the regional administrators for input?

Thanks,

Claudia

Abbie,

I confirmed with Jeanne that both Greenpeace FOIAs EPA\_HQ-2012-001259 and EPA-FOI-2012-001118 need to be sent to all of the regional administrators for input.

Thanks,

Claudia

Hi...you have my files on these two cases--need them for discussion with my managers.  
Thanks.

Claudia...this would be a really difficult issue--and will have to be discussed with the HQ FOIA office and our managers b/c OSP has had the cases since July/August and sending them out now to the regions for action--problematic.

Let me connect with our managers here and then come back to you.

Abbie

Hi Abbie,

Just following up on this email. Let me know if you need anything else from me or if this is being taken care of.

Thanks,

Claudia

Hi Abbie,

Jeanne Briskin (see email below) has asked that both Greenpeace FOIAs EPA\_HQ-2012-001259 and EPA-FOI-2012-001118 be sent to all of the regional administrators for input.

Thanks,

Claudia

Subject: Greenpeace FOIAs

Hi Jeanne,

I just wanted to confirm: as per our conversation on Friday, I am going to ask Abbie to send both Greenpeace FOIAs to all of the RAs (actually their FOIA coordinators) to ask for any responsive content they may have.

The language of the requests was:

1) Requesting all communications and records of all meetings between Chesapeake Energy and the EPA relating to the EPA Hydraulic fracturing water study for the time period of March 1, 2010 to August 16, 2012

2) Requesting copy of documents related to details on all meetings and correspondence between EPA and API, BP, ExxonMobil, Chesapeake Energy, Chevron, and any other oil and gas industry representative, as well as the Council on Environmental Quality, DoE, and the Domestic Policy Council of the Whitehouse, regarding the EPA's Hydraulic Fracturing Study conducted by Jeanne Briskin

Thanks,
